Dear Hiring Manager,

I am applying for a Full Stack Developer, MERN Stack, or AI Engineer internship opportunity. I am a B.Tech student in Computer Science and Engineering (Data Science) at Shri Ramdeobaba College of Engineering and Management, with hands-on experience building MERN applications and AI-integrated products.

My projects include an AI-powered expense tracker, a movie ticket booking system with secure role-based access, and Ayursutra, a healthcare platform that earned recognition at Smart India Hackathon 2025 as a National Finalist. These experiences strengthened my skills in React.js, Node.js, Express.js, MongoDB, Python, REST APIs, and practical problem-solving.

I would value the opportunity to contribute, learn, and grow with your team. Thank you for your time and consideration. I look forward to discussing how I can support your organization.

Sincerely,

Samiksha Suryabhan Shete
